

Create UI To Interact With Application

Home Page

Login Page

The screenshot shows the login page of the Plasma Donor App. The page has a purple header with the app's logo and name on the left, and 'Sign In' and 'Register' links on the right. The main content area is light purple and contains a white login form. The form has two input fields: 'username@example.com' and 'Password'. Below these fields is a purple 'Sign in' button.

Registration Page

The screenshot shows the registration page of the Plasma Donor App. The page has a purple header with the app's logo and name on the left, and 'Sign In' and 'Register' links on the right. The main content area is light purple and contains a white registration form. The form has several input fields: 'Enter Your Name', 'Enter the Email ID', 'Enter 10-digit mobile number', 'Enter Your age', 'Choose your Gender' (with 'Male' selected), 'Choose your blood group' (with 'A Positive' selected), 'Enter your address', 'Enter your address', 'Enter Password', and 'Again Enter the Password'. Below these fields is a purple 'Submit' button. There is also a 'Show password' link in the bottom right corner.
